

THE DAILY STORE NEWS OF LANSBURGH & BRO.

Liberty Bond Announcement

We will accept in payment of bills and for purchases made Liberty Bonds at par.

Editorial

During the great monetary panic of 1857 there was a meeting of bank presidents in New York. Different men estimated the percentage of specie withdrawn during the day at from 50 to 75 per cent. Then Moses Taylor of the City Bank said: "We had in bank this morning \$400,000; this evening, \$470,000." Under Mr. Taylor's management the confidence in the City Bank had grown until people had simply withdrawn their money from other banks and deposited it in the City Bank. Confidence is one of the greatest assets any store can have and it can only be built with years of satisfactory service. Our 57 years of continuous growth is one of the best evidences we can give of the confidence the people of Washington have in this store. A confidence that will increase as the years go by.
